FUNDING BY SIDIT IN PARTNERSHIP WITH SELKIRK COLLEGE

Consideration for assistance through Southern Interior Development Initiative Trust (SIDIT) Secondary School Transition Award will be determined through an analysis of financial need, considering resources available through work, savings, assets, family and any other sources of income. The determination of financial need will be based on information provided on the SIDIT application concerning all sources of income and assets during the pre-study and educational periods. The assessment process considers family and student resources against educational expenses, and standard living costs based on the Moderate Standard of Living Allowance, in order to determine a student’s financial need.
